Quiz on Use of Botany in Life
Report

On 28th July 2021 Department of Botany conducted online quiz entitled **Use of Botany in Life**. The Students from UG and PG participated in this quiz. This test form contained 25 Multiple Choice questions. 100 students filled and submitted the Google form. Dr. Mangesh Kharate, Assistant Professor Department of Botany, prepared a comprehensive questionnaire of 25 questions related to the areas of Botany.

Following was the objective of the quiz:

1. To develop a positive attitude towards nature.
2. To equip the students with the basic skills in identifying and labeling different plants.
3. To sensitize the students to plants and their use in human life
