Gillette Sponsored Workshop on 'Career Development and Personality Grooming'

27-01-2018

REPORT

Under the Gillette Corporate Social Responsibility, a one day on 'Career Development and Personality Grooming' programme was organized for the students of Vinayakrao Patil, alumni and youth of Vaijapur Tehsil. The programme started at 10:30 in Swami Vivekananda Auditorium. Dr. K. P. Bholane, Head, Department of Commerce, welcomed the resource person, Mr. Sunil Kumar. Prof. Supriya Kadam, Member Training and Placement Cell, introduced the resource person and stated the objectives of this leadership development. She said that rural leadership development has been a much debated issue during this decade. There are young and talented people. They need proper guidance and counselling

The resource person Mr. Kumar started his talk by interaction with the students. He asked them a few important question: what is leadership development, what is personality development, how to groom personality, what is communication, what are hard and soft skills, is English indispensable to be a leader, tell the names of some of the leaders, what do you want to be, what are your motivations, do you want to earn money, do you want to lead your village, do you believe in inclusive development etc. Later, he said that we can do anything in life given that we should have a goal, a mission or an aim. This exercise of goal setting is very crucial. You should set a lofty aim. You may be very weak financially or have weak physique. But they are not the obstacles. There are solutions to solve them. Just see what the young entrepreneurs are doing world-wide. They are just like you. Money comes to those who believe in positivity and hard work. He also told the students about self-made millionaires. At the end the students asked him some questions and he answered them to their satisfaction. The programme was attended by 213 students and youth from Vaijapur Tehsil.
