

M. S. P. Mandal's

Vinayakrao Patil Mahavidyalaya, Vajapur

Department of Mathematics

Programme Specific Outcomes

- ★ Think critically with an inventive approach.
- ★ Enlighten the students with relevant tools of real analysis, abstract algebra, differential equations, number theory, mechanics, numerical analysis and mathematical statistics to investigate topics and problems in mathematics and applied sciences.
- ★ Gain good knowledge and awareness to fix explicit theoretical and applied problems in advanced areas of algebra, mathematical analysis, number theory and statistics.
- ★ Prepare students with ample knowledge and capabilities empowering them to commence further studies in mathematics and other disciplines related to mathematics.
- ★ Inspire the students to establish skills useful in employment and research.
