Blood Donation Camp

(16 September 2016)

REPORT

National Service Scheme (NSS) organized 'Blood Donation Camp' on 16-09-2016. It was organized in collaboration with Mahatma Gandhi Mission Hospital Aurangabad. The aim of this camp was not just to collect blood but also to sensitize the young generation about the importance of blood donation. Students were notified about the camp a week ahead of the programme. Our NSS volunteers also went round the classes during recesses and acquainted the students about the camp.

The Programme Officer, Prof. S. A. Dokhe, gave a brief introduction about the camp. Dr. C. V. Sirsat, Principal, welcomed the MGM Hospital, Aurangabad doctors and his team with bouquets. In his opening remark he said that over the years the institute has demonstrated its social affiliation to the social issues. Though the extension and outreach initiatives, the college has always rendered a helping hand to the poor and the needy. Later, the doctor gave detail information about the process. He asked them if they are in good health.

The doctors said that he is happy to organize the camp. They congratulated the students for having come forward to donate blood. He said that blood has been a concern in India. We need a large quality of blood everyday but on occasions there is shortage. He pointed out that blood donation does not cause weakness or weight loss. He gave the some important instructions to the aspiring donors. He inquired if they weigh above 50 kg, donation history during the last three months, have serious illness, cough and cold symptoms etc.

After HB testing, 250 ml of blood was donated by each donor. He asked the donors to rest for an hour after the donation. The donors were fruits, tea, milk and biscuits. They were asked to rest on under the supervision of the medical experts. The NSS unit got a certificate of recognition while certificates were issues to the donors. 48 donors donated during this camp.
