**'Dr. APJ Abdul Kalam's Vision of Dream India': Lecture by Dr. D. S. Salunke**  
**(06-02-2017)**  
**REPORT**

Dr. Dadasaheb Salunke, Assistant Professor, Department of English, delivered a lecture on 'Dr. APJ Abdul Kalam's Vision of Dream India' on 06-02-2017. Pooja Machhindra Dhanad, B. Sc. I, welcomed and introduced the resource person.

Dr. Salunke shared the vision of Dr. APJ Kalam with the students. He said that Dr. APJ Abdul Kalam was born in a poor family at Rameshwaram in 1931 but he had a vision from the childhood. He wanted to do something for the nation. After independence, India had many challenges like poverty, rural development, economic development etc. The then Prime Minister Jawaharlal Nehru had the vision to transform India. So he established world class institutions in India. He assigned the task of technology development to innovative people like Brahma Prakash, Dr. Vikram Sarabhai, Dr. Homi Bhaba. Space development was a big dream and India did not have any infrastructure and expertise in that area.

In his book *India 2020*, he laid down some of the key areas conducive to India's development. According to him there areas are: agriculture and food processing; education and healthcare; information and communication technology; infrastructure, reliable and quality electric power, surface transport and infrastructure for all parts of the country; self-reliance in critical technologies.

He said that unity in diversity is the main character of India. During the freedom struggle, we fought unitedly and so we attained freedom from the British rule. But after the independence this spirit of unity is declining. It is a threat to our national integration. We must come together for making India a 'knowledge superpower'. He also said that the young people should never fear to take up the challenges. We learn through mistakes. The youth have innovative ideas and we should give them conducive atmosphere to experiment. Priti Sanjay Marathe, B. Com. I, proposed the vote of thanks and also conducted the proceeding.
