**Lecture on 'Financial Literacy' by Shri Vishwas Patil (02-02-2017)**
**REPORT**

Shri Vishwas Patil, Member, CDC, Vinayakrao Patil College, Vaijapur, delivered a lecture on 'Financial Literacy' on 02-02-2017. The purpose of the activity was to generate awareness about financial literacy amongst the students and other stakeholders. Dr. K. P. Bholane welcomed and introduced the resource person. Nitin Ankush Thombre, B. Sc. II, welcomed and introduced the resource person.

Shri Vishwas Patil said that 'Financial Literacy' has assumed importance in the modern age. Earlier, people thought that knowing coins and currency notes and understanding counting meant financial literacy. However, today the context has changed. Today we see that we come across many financial transactions like NEFT, RTGS, Online banking etc. At the same time we use ATM cards, Credit cards, online payment apps and so financial literacy means more than what we traditionally thought of.

Shri Vishwas Patil further said that everybody wants to be rich and financially free. So people think that they have to work hard and earn money. This traditional approach. We have to manage money. We must distinguish between asset and liabilities. How we manage money is important. If we go on earning money and spend it recklessly, we will never get financial freedom.

He said that saving money is the first step. The assumption is that we should first spend and them save the remainder. But it is not so. We should first save and then spend the remainder. At the same time he said that 98% people want to do some job and be rich. However, we have to be entrepreneurs to be rich and financially free. He also counselled the students that they should think big. If you have little money you should invest it and try to double it. It is a good habit. Many times people don't allow the children operate money. However, they should let children understand how money works. You need not work for the money, it the money work for you. The entrepreneurs today earn money even when they sleep because they have a system in place. Dadasaheb Ashok Galande, B. A. III, proposed the vote of thanks and also conducted the proceeding.
