**Lecture on 'Role of Youth in Water Conservation' by Pandit Shinde (23-12-2018)**

**REPORT**

Mr. Pandit Shinde, Advisor, Nandoor Madhmeshwar Canal Project, enlightened the students with the topic 'Role of Youth in Water Conservation'. Megha Vitthal Shinde, B. Sc. I, welcomed and introduced the resource person.

Mr. Pandit Shinde explained that water conservation is a broad term and it could be define as processes, strategies and activities that go into managing water resources for drawing maximum benefits for the stakeholders. He continued that though the earth is covered with 71%, about 97% of water is saline in nature so we have to utilize the remaining 3% of water. We have to redefine water conservation as the method of using the limited amount of water for drawing maximum of water.

Mr. Pandit Shinde regretted that today we are not water responsible because we feel that it is the job of scientists, foresters, city planners, farmers etc. However, it is the duty of every citizen. He said that 28 tehsils in Maharashtra face water scarcity. He also said that when we take the case of Vaijapur, half of the tehsil has been irrigated by the Nandoor-Madhmeshwar Canal Project. However, the remaining 50% still continues to be drought prone area. It is the fact that the canal has its source from Nashik District. In the recent years, the water supply to the canal has become a contentious issue. So in near future, we have to find out sustainable techniques in order to be self-reliant in terms of water.

He further enlightened that the number of lakes in Vaijapur has increased thanks to the subsidy policy by the Government of Maharashtra. The lakes ensure water supply during summer months. That's why the horticulture land has increased by 10 times during the last ten years. The young people have got opportunities in the field of agriculture. The pomegranates are grown in large stretch of land in this tehsil. So the economic transformation is happening. We must remember that water conservation is the key to change. The land in Vaijapur is black and fertile. Our youth can utilize this asset for the economic prosperity. Each drop of water is important for use. He said that we should conserve, manage and utilize water for progress. Mohini Pralhad Pote, B. Com. III, proposed the vote of thanks. Samadhan Dnyandeo Vikhe, B. A. III, conducted the proceeding.

Mr. Pandit Shinde speaking on 'Role of Youth in Water Conservation'
