Dr. U. V. Panchal, highlighted the major achievements of the institute during the last one year. He delivered a lecture on 'Freedom from Evils; A New Struggle'. He said that today is the day to remember the great freedom fighters who laid down their lives for the dream of freedom. However, the problems are far from over. During the freedom struggle all sections of society united against the oppressive British Rule and we fought this struggle under the peaceful, non-violent method given by Mahatma Gandhi. In his lecture, he referred to quotations from Dr. APJ Abdul Kalam's book Wings of Fire and India 2020. He further said that today we face problems like poverty, inflation, corruption, provincialism, terrorism, fundamentalism, human right abuses, and atrocities against women. He said that we have to unite once again to fight with these evils. It is our responsibility to share the fruits of freedom with the disadvantages and vulnerable sections of our society. Therefore, education is the remedy. We have to educate people. He also called upon the teachers and students to contribute in their own ways for the national developments. Dr. D. S. Salunke proposed the vote of thanks.
